Regulate Hemp Derived Products Better.

The Official 2024
**HEMP-DERIVED PRODUCTS (HDP)
SAFETY & REGULATION BILL**

EDUCATION. COMMUNITY. SUSTAINABILITY.

We are Professionals, Entrepreneurs, Educators, Agriculturists, and Advocates united to build a strong and sustainable future for the hemp industry in Arizona. Our work focuses on creating a space for Arizona hemp businesses to stay informed, network, and thrive together. We support local non-profits and educate all citizens on the benefits of hemp. With your support, together, we will grow a strong Hemp community in Arizona.

Become a strong HITA AZ Member today.

LANDSCAPE IN ARIZONA

A Letter From The Executive Director

Our organization is dedicated to promoting the growth and success of the hemp industry for Arizona, and as a whole, and we are currently working on a crucial bill that will have a significant impact on the future of our industry and the future for Arizona.

The **Hemp Industry Trade Association** is committed to advancing the interests of the hemp industry by advocating for policies that support hemp farmers, processors, and manufacturers. Specifically, we are working to **pass HB2406**, which will help to ensure a level playing field for hemp businesses, improve access to financing, and increase consumer confidence in hemp-derived products.

Sincerely,

A handwritten signature in black ink that reads "Kevin Sullivan".

PURPOSE

The *Hemp-Derived Products (HDP) Safety & Regulation Bill* was developed in consultation with the *Arizona Department of Agriculture* alongside many hemp industry stake holders. The purpose is to update and revise Arizona's hemp statutes to reflect how the hemp industry has moved forward and evolved since the inception of the Arizona hemp program in 2018.

SUMMARY

- ✓ Updates Arizona hemp laws to reflect recent state compliance with the 2018 Farm Bill (USDA Agricultural Improvement Act of 2018).
- ✓ Brings clarity to the Arizona hemp laws for the benefit of consumers and law enforcement.
- ✓ Differentiates the hemp industry more clearly from all aspects of the marijuana industry.
- ✓ Adds businesses that manufacture and sell hemp-derived products to the Department of Agriculture's hemp program requirements.
- ✓ Recognizes the widespread marketing and sale of hemp-derived products such as CBD.
- ✓ Requires that certain hemp-derived products that are offered for retail sale:
 - ✓ Be sold only to persons over 21 years of age
 - ✓ Regulate product packaging requirements to contain a link or QR code that reports a Certificate of Analysis from a certified independent lab.
 - ✓ Requires anyone transporting hemp or hemp-derived products to carry a certificate of analysis to demonstrate to law enforcement that their products are hemp-derived.
- ✓ Clarifies the authority of the Arizona Department of Agriculture to inspect farms, facilities and hemp-derived products for compliance with the law. This is similar authority to what the Department of Agriculture already regulates, such as but not limited to; vegetables, fruit, milk, eggs, cheese, meats, fertilizers, pesticides, and animal feed.
